NEW EDGEHALT®
Adjustable Safety Gate

Over 2 Million Cycle Tested | CE Marked | Limited Lifetime Warranty | ANSI & OSHA Compliant

# EDGEHALT® ADJUSTABLE SAFETY GATE

## A SINGLE GATE SIZE FOR OPENINGS 18" – 36"

Our new self-closing EdgeHalt® Adjustable Safety Gate makes it easy to protect your team from the dangers of an elevated guardrail opening. This one gate is flexible enough to fit a large range of openings, reducing the need to measure every opening within your facility.

**ONE GATE SIZE:**
- Adjustable to fit openings from 18" to 36" (457mm – 914mm), and inverts to swing left or right

**GUARANTEED-FOR-LIFE SPRINGS:**
- Designed and tested to withstand over 2 million cycles

**EASY INSTALLATION:**
- No sawing or cutting required

**CODE COMPLIANT:**
- CE marked, meets OSHA, ANSI, Canada OHS and CSA guardrail standards

**FINISHES:**
- Mild steel, safety yellow powder coat
- Zinc for extra corrosion resistance

**ALWAYS IN PLACE:**
- Self-closing to protect employees from dangerous falls

**MOUNTING OPTIONS:**
- Standard railing mount (shown to the right)
- Flat surface mount (shown below) changes gate range to 20.5" – 38.5" (521mm – 978mm)
