EDGEHALT® ADJUSTABLE SAFETY GATE

A SINGLE GATE SIZE FOR OPENINGS 18" – 36"

Our new self-closing EdgeHalt® Adjustable Safety Gate makes it easy to protect your team from the dangers of an elevated guardrail opening. This one gate is flexible enough to fit a large range of openings, reducing the need to measure every opening within your facility. Plus, it's stocked and ready to ship within three days!*

ONE GATE SIZE:

- Adjustable to fit openings from 18" to 36" (457mm – 914mm), and inverts to swing left or right

GUARANTEED-FOR-LIFE SPRINGS:

- Designed and tested to withstand over 2 million cycles

EASY INSTALLATION:

- No sawing or cutting required

CODE COMPLIANT:

- CE marked, meets OSHA, ANSI, Canada COHS and CSA guardrail standards

FINISHES:

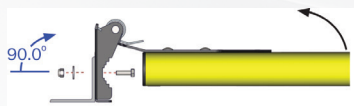

- Mild steel, safety yellow powder coat
- Zinc for extra corrosion resistance

ALWAYS IN PLACE:

- Self-closing to protect employees from dangerous falls

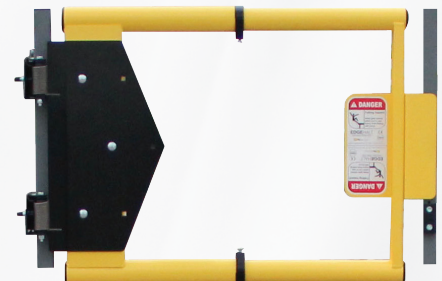

MOUNTING OPTIONS:

- Standard railing mount (shown to the right)
- Flat surface mount (shown below) changes gate range to 20.5" – 38.5" (521mm – 978mm)

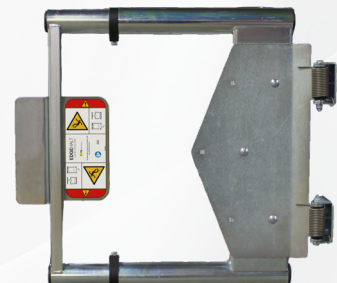

*Larger quantities and international orders may require longer lead times
