EDGEHALT® ALUMINUM LADDER SAFETY GATE (LSG)

LADDER SAFETY THAT WON'T LET YOU DOWN

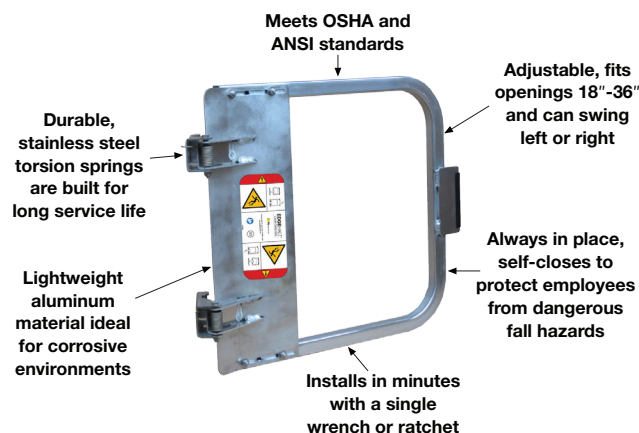

Your employees are your greatest asset, and every time they use a ladder in your facility, they put themselves at risk. Fortunately, the OSHA- and ANSI-compliant EdgeHalt® Aluminum Ladder Safety Gate from PS Safety Access® provides proven protection, minimizing the chances of a fall on elevated platforms, mezzanines or ladderways. This self-closing swing gate provides 42" top- and mid-rail protection to help ensure that your employees go home safe each night.

Edgehalt Aluminum Ladder Safety Gate Benefits

- Self-closing and always in place
- Corrosion resistant; ideal for harsh environments
- Lightweight
- Installs within minutes with a wrench or ratchet and 1/2" deep well socket
- Fits any existing railing system
- Adjustable to fit openings from 18" to 36"
- Inverts to swing left or right depending on your building requirements
- Ships fully assembled, including standard mounting hardware for round pipe (up to 2" O.D.) and square tubing (up to 1.5" x 1.5" O.D.)
